1. Construction was begun about mid-October 1952 on the new rail line from the Radeburg-Ost railroad station to the transformer and X-ray apparatus factory,<sup>1</sup> Uebigau (N52/F19). The work is still confined to grading and other earth work; that is, the track has not yet been laid nor have any rails or ties been brought to the site. About 50 men are employed on the project which is served by wide-spread field railroad tracks.

2. Excavation was begun in late November at the transformer and X-ray apparatus factory.

1.  Comment: Possibly VEM Transformatoren-u. Roentgenwerk VEB, Overbeckstrasse 48, Dresden N 30. 25X1
